Colonel’s to help with installation of 2008 SAME Tulsa Post officers...

Co. Anthony C. Funkhouser

Colonel Anthony C. Funkhouser was born in Keyser, West Virginia. He was commissioned as a Second Lieutenant in the United States Army Corps of Engineers in 1985 from the United States Military Academy at West Point, New York with a Bachelor of Science degree in Civil Engineering. He holds a Master of Science degree in Engineering Management from the University of Missouri-Rolla; a Military Art and Science from the United States Army Command and General Staff College and a Master of Strategic Studies from the United States Army War College. His military education includes the Engineer Officer Basic and Advanced Courses, The Combined Arms and Staff Service School, the United States Army Command and General Staff College, the Advanced Military Studies Program and the United States Army War College.

Lt. Col. Clayton H. Perry (USAF)

Clayton is currently serving as the regional VP for the SAME Texoma Region. After graduating from Texas A&M as a member of the Fight’n Texas Aggie Band, Clayton Perry retired as a Lieutenant Colonel from active duty in the Air Force in July 2000. He served almost 21 years in the Civil Engineer career field at Laughlin AFB, TX, RAF Greenham Common, UK, Ramstein AB, GE, Brooks AFB, TX and Randolph AFB, TX. Since then he has worked in business development for The IT Group, Shaw Environmental & Infrastructure, and is currently working for Tetra Tech.

He has been a member of The Society of American Military Engineers (SAME) for over 20 years, having served as membership chairman, vice-president, president and is currently serving as the Regional Vice-President for the TEXOMA Region. He was inducted into the Academy of Fellows of SAME in 2006, and holds a Bachelor’s Degree in Building Construction from Texas A&M University, and a Master’s Degree in Aerospace Technology from Embry-Riddle University.

THANK YOU TO JANUARY’S LUNCH SPONSOR — C.H. GUERNSEY
C. H. Guernsey & Company has proudly supported the Society of American Military Engineers and served alongside more than a dozen US Army Corps of Engineers Districts, their communities and country. Thank you to SAME and the Corps for the opportunity to partner with you.

PE Exam Study Sources:

Oklahoma exams for becoming a Registered Professional Engineer are given in October and April. First-time examinees information and requirements are found at: www.pels.state.ok.us.

www.els-examreg.org/oklahoma.php

The University of Missouri-Civil Engineering Department is sponsoring an on-line PE Exam Review for the NCEES Exam given each April and October. This Exam Review is for Degreed Engineers who want to become a Registered Professional Engineer in one or more states. Instruction is geared toward civil engineers with a B.S. degree from and ABET accredited college or equivalent. This Fall's review will start in late August and continue until the Exam in late October. Registrations are now being accepted. You may see more information about this course and register at URL http://muconf.missouri.edu/cyberpe/

SCHOLARSHIP AWARD RECIPIENTS TO BE ANNOUNCED

This month the long awaited suspense will be over for the three (3) $1,000 scholarships award recipients given to Junior and Senior students in Engineering.

WINTER SAFETY TIPS

When you travel, know where you are going and how to get there and back. Check for construction detours; for longer trips, get a weather forecast.

If traveling out-of-state, most state law enforcement agencies provide road-and-highway information; check to see what conditions they report before leaving. Inform a family member where you will be and when to expect you back; give them your route if they don’t know it.

Travel and conduct your business during daylight hours if possible. Lock doors and windows when getting into your car and keep them locked while driving.

When driving, keep doors locked and windows rolled up. Maintain at least half a tank of fuel, and keep vehicle in good repair.

If you have access to a cellular telephone, carry or take it.

If possible, know the emergency cell codes for the area you’re in. For example, in Oklahoma, remember that

*55 = OHP  Oklahoma Highway Patrol

Now-a-days, when we have car trouble, we just call AAA, or on star, etc., however, for those of you who don’t have those modern conveniences, or those who will need to stay safe and warm until roadsides assistance is available, try keeping a box or duffle bag in your car with the following:

- Thermal blanket
- Gallon of water
- "HELP" sign, flag, flares, or reflectors
- Flashlight (check batteries annually)
- Duct tape
- Jumper cables
- Tire gauge
- Work gloves
- Hand tools (pliers, screwdrivers, allen wrenches, etc.)

Winter Chili Recipe

Take the chill out of winter and cook up some chili and corn bread for you family! Winter can brings a cold chill into the house at times, so what better way to warm and spice things up! You and your family will be feeling cozy in no time with this Winter Chili and corn bread recipe. The kitchen will also be a warm place for you to stay while enjoying making this fabulous chili.

Ingredients

- 1 finely chopped onion
- 3 finely chopped garlic cloves
- 2 piece of bacon cut crosswise into pieces
- 2 tablespoons of chili powder
- 2 cans of cannelloni, pinto or red kidney beans
- 1 ½ teaspoons of dried crushed oregano
- 1 ½ teaspoons of paprika
- 1/2 teaspoon of fresh ground pepper
- 3 cups of water
- Coarse salt
- 3/4 cup of Monterey Jack Cheese or cheddar (shredded)
- 2 tablespoons of fine cornmeal
- 1 ½ cups of chopped winter squash or zucchini
- 1 ½ cups of frozen or fresh kernel corn (whole)

Directions:

The fine cornmeal is use to thicken the chili and the bacon adds a smoky flavor to this bean-based chili. You can also serve lime wedges on the side for an extra bit of garnish flair.

Begin by cooking the bacon in a chili pot over medium heat until browning happens. Begin to add the onion, garlic, paprika, pepper, oregano, beans and salt into the chili pot. Stir this mixture occasionally for about 10-15 minutes. It is good to mash up the beans a bit.
