SPECIAL THANKS TO OUR LUNCH SPONSOR

MACTEC

YOUNG MEMBERS BOWLING NIGHT - MARCH 7, 2008

For More Information See Page 3
Headquartered in Atlanta, MACTEC is a leading consulting firm providing engineering, environmental, and construction consulting services to public, and private clients worldwide. Operating with 3,000 employees in 100 U.S. offices, MACTEC is currently ranked 31st among Engineering News-Record’s top design firms, based on our 2006 revenues.

From concept to construction and compliance to const management, MACTEC’s engineers and scientists help our clients achieve success through uncompromising quality and cost-effective, results-driven excellence via local, personal service, MACTEC now comprises of three operating units

**MACTEC Engineering and Consulting, Inc.**

Mactec’s E&C provides a wide array of engineering, environmental, facility life cycle management and construction consulting services to public and private clients.

**MACTEC Business Development Corporation**

MDC provides expert construction, demolition, and remediation services at government and commercial nuclear facilities. MDC’s risk management services include liability transfer/assumption and cont overrun protection for environmental remediation projects

**MACTEC Federal Programs, Inc.**

MFT provides all of MACTEC’s services, tailored to the needs of federal clients. Special services include comprehensive force protection, emergency preparedness and response, and design/redesign for LEED certification.

Scholarship Information...

The Tulsa Post of the Society of American Military Engineers (SAME) is pleased to announce plans to award three $1,000 Justin Noyes Scholarships to senior high school students who intend to earn a degree in engineering, biological science or physical science.

This year begins the naming of our annual scholarships in honor of Marine Sergeant Justin Noyes, an American Hero, who fought and died while serving our country in Fallujah, Iraq. Named for a remarkable young man who was fiercely dedicated to the service of our Nation, the scholarships recognize students whose accomplishments; associated with scholastic abilities, leadership and love of country; are honored by SAME and mirror the achievements of Sergeant Noyes.

Applications must be postmarked by April 18, 2008. For more information go to www.same.org/Tulsa or contact Cynthia Kitchens at Cynthia.kitchens@us.army.mil or 918-669-7042.

Tulsa SAME Young Member Event

Bowling Family Fun Night!

Friday, MARCH 7

6:45 p.m.

RIVERLANES BOWLING CENTER

Only $10 PER PERSON

Includes 2 Games of Bowling & FREE Pizza and Refreshments!

How can you beat that!? 

There will be designated lanes with bumper guards for your little ones.

Please RSVP to Angela Frew with ASSET Group by Friday, Feb. 29, or call 918-231-8288

Proceeds go to the Blue Star Mothers of Broken Arrow

All new Young Members get a free 1-year SAME membership.

I HOPE TO SEE YOU THERE!
SAME Engineering and Construction Camps

At SAME Engineering and Construction Camps, high school students from across the country learn engineering solutions and skills from professional engineers while getting a taste of what it means to work for and with the military services.

Only at an SAME Engineering and Construction Camp can you design a chair with three legs and sit on it, construct a concrete beam and smash it, or build a cardboard boat and race it!

These exciting week-long camps take place during the summer months in a variety of settings—the colorful Colorado Rockies, the beautiful Southern California Coast, or the historic Mississippi Valley.

SAME MEMBERS: Tear out this insert and take it to your local high school administrator to inform students of this exciting, educational opportunity.
Be a Part of the SAME Engineering and Construction Camp Experience!

As a Student...

Each SAME camp offers high school sophomores, juniors and selected seniors the opportunity to learn leadership, engineering and construction skills from professionals in the field, while having fun and making friends with students from all over the world.

To attend a camp, a student MUST be sponsored by a local SAME Post (chapter). The student is responsible for paying a portion of the registration fee; the sponsoring SAME Post will pay the remainder of the fee and the cost of airfare to the camp. To qualify for consideration, students must be on an academic track that will prepare them for attendance at an accredited engineering college or university; have an expressed intent to pursue a degree in architecture, engineering or a related field; have demonstrated leadership characteristics through participation in extra-curricular activities, sports and/or community activities; be physically fit and healthy; and be of high moral character. For information on attending a camp, go to www.same.org/camps.

As a Mentor...

The SAME camps offer SAME Young Members valuable opportunities to mentor tomorrow’s leaders. Mentors assist with student activities, and teach students about real-world architecture, engineering, environmental science or other related disciplines in which they have experience. Mentors spend the week at the camp and are assigned to groups of students to help guide, train, educate, coach and lead the campers through each day’s activities. SAME Young Members who are interested in mentoring should contact their local Post to obtain sponsorship (there is no fee for Camp Mentors).

To become a Mentor, you must be an SAME Young Member with a record of active participation at the Post, Region, or National level; obtain an endorsement from the President of the SAME Post that will be sponsoring you; have experience in mentoring or coaching young people; commit to attending the entire week-long camp; be experienced in military, civil or environmental engineering, or a related field, in the public or private sector; and be physically fit and healthy. For information on becoming a Camp Mentor, go to www.same.org/camps.

As a Sponsor...

Watching students’ excitement grow as they see the possibilities of careers in engineering, and observing their personal achievements during the course of the week are just two of the many reasons to become an SAME Engineering & Construction Camp Sponsor. Join the list of sponsors who support the SAME Engineering & Construction Camps through personal participation in mentoring students on engineering and construction tasks.

The support of the volunteers and mentors helps make each camp an exciting learning experience for students. Information on becoming a Camp Sponsor may be found at www.same.org/camps.

2008 Camps*:

SAME/U.S. Army Camp
June 2008 (TBD)

SAME/USAFA Camp
June 27-July 3, 2008

SAME/Seabees Camp
July 20-26, 2008

*The deadline for students to submit their camp applications to a sponsoring Post varies by Post. Please check the SAME Camp Web site at www.same.org/camps for complete details on how to apply to an SAME Engineering & Construction Camp.

Visit www.same.org/camps for details on
**2008 EVENTS ...**

**MARCH 7, 2008**

**MARCH 13, 2008**

Board Meeting at the TD CoE office (lunch sponsored by URS...)

Date to be Announced

Flood Flight Operations Training course SAME Tulsa Post and Oklahoma Department of Emergency Management

**APRIL 8-10, 2008**

Small Business Symposium & Golf Tournament / Conference-Renaissance Hotel-Tulsa, Oklahoma

---

**PE Exam Study Sources:**

Oklahoma exams for becoming a Registered Professional Engineer are given in October and **April**. First-time examinees information and requirements are found at: www.pels.state.ok.us. www.els-examreg.org/oklahoma.php

The **University of Missouri-Civil Engineering Department** is sponsoring an on-line PE Exam Review for the NCEES Exam given each April and October. This Exam Review is for Degreed Engineers who want to become a Registered Professional Engineer in one or more states. Instruction is geared toward civil engineers with a B.S. degree from and ABET accredited college or equivalent. This Fall's review will start in late August and continue until the Exam in late October. Registrations are now being accepted. You may see more information about this course and register at URL http://muconf.missouri.edu/cyberpe/

**Oklahoma State University** has published its Scheduled Courses. Visit http://outreach.okstate.edu/courses.htm
