Distinguished Post 1968, '81, '84, '86, '87, '88, '93, '94, '95, '96, '97, '98, '99, '00, '01, '02, '03, '04, '05, '06, '07, '08, '09, '10

The Tulsa Post of the Society of American Military Engineers (SAME) is pleased to announce plans to award three \$1,000 Justin Noyes Scholarships to senior high school students who intend to earn a degree in engineering, biological science or physical science.

These annual scholarships are in honor of Marine Sergeant Justin Noyes, an American Hero, who fought and died while serving our country in Fallujah, Iraq. Named for a remarkable young man who was fiercely dedicated to the service of our Nation, the scholarships recognize students whose accomplishments; associated with scholastic abilities, leadership and love of country; are honored by SAME and mirror the achievements of Sergeant Noyes.

Students from high schools in the Tulsa area who meet the following eligibility requirements will be considered for the scholarship awards.

- Applicants must enroll in a curriculum that will lead to an accredited engineering, physical science, or biological science degree. The SAME scholarship awards are contingent upon the winners being accepted for admission at Langston University, Northeastern Oklahoma A&M College, Northeastern State University, Oklahoma State University, Oklahoma University, Oral Roberts University, Tulsa Community College, or Tulsa University. Other universities outside the State of Oklahoma are acceptable if the student is nominated by a Tulsa Post SAME member.
- Applicants must have a maximum ACT composite score of 30 (ACT score 30 or less).
- Students who accept Nation Merit or Oklahoma Regents Scholarships are ineligible to receive SAME scholarships.
- Applicants must be United States Citizens.

This year the Tulsa Post of SAME has added a new renewable scholarship. One of the scholarships awarded will be a renewable 4-year scholarship and will be at the \$4,000 level (\$1,000 per year for four years) to the top graduating high school senior applicant. The recipient must meet two requirements to continue to receive their renewable scholarship beyond the initial year:

- Maintain a GPA of at least a 2.5 (on a 4.0 scale) their Freshman year and a 3.0 thereafter.
- Maintain full time student status (12 hours per semester) progressing towards a four-year degree in engineering or the physical sciences.

Additionally, the recipient of the renewable scholarship will be assigned to a SAME Mentor from the Tulsa Post. The recipient will be responsible for meeting with his or her SAME Mentor to discuss academic transcripts prior to receiving the funds for the next academic year. The recipient will also be required to provide a short essay describing their accomplishments over the past year and their career goals.

The Tulsa Post of the SAME wants to award these scholarships to students who have the desire and ability to become excellent engineers, physical scientists, or biological scientists. Our eligibility requirements; therefore, do not limit the scholarship opportunity to those students with the best grades or the highest ACT scores. We are depending on your school's guidance counselors, teachers and JROTC leaders to identify students who are most deserving and might not otherwise qualify for scholarships based primarily on academic achievement.

These scholarships are not limited to students interested in military careers. All applicants interested in engineering, biological science or physical science that meet the above eligibility requirements will be considered.

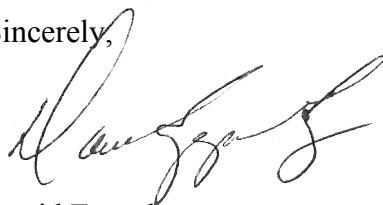

We ask that your school nominate 1 or 2 students to compete with other Tulsa area high school students for the scholarships. The nominees from each school will be evaluated by our scholarship selection committee and the winners and their schools will be notified in May 2011.

Enclosed are the application package requirements for the student nominees. Application packages are also available at our website, <http://posts.same.org/Tulsa>. The application packages must be postmarked by May 13, 2011, and returned to:

- **HIGH SCHOOL TRANSCRIPT**

Attach a certified copy of your high school transcript. Indicate on the transcript those courses taken during the first semester of the 12th grade. Insure that the ACT scores are included on the transcript, or attach a copy of the official test report. Have your Guidance Counselor or Principal include a description of the curriculum and grading system used, and indicate on the transcript those courses you are taking in the second semester of your 12th grade. Clearly indicate on the transcript all courses that are included in the high school “honors” and “advance placement” programs and any college-level courses.

- **HIGH SCHOOL ACTIVITIES AND HONORS**

List your school and community activities on the enclosed forms. Include leadership activities and offices held.

- **ESSAY**

Prepare a double-spaced typewritten essay of approximately 250 words on the following topic: “**My Professional Goals**”. Insure that the following questions are answered: (1) How did you become interested in the career field you chose to pursue? (2) What aspects of your career field most interests you? (3) How can your professional skills contribute to society? Include your name on the essay.

- **LETTER OF RECOMMENDATION**

Attach a letter of recommendation from your Teacher, Guidance Counselor, JROTC Leader, Principal or SAME member.

- **CERTIFICATION**

Attach the Guidance Counselor or Principal certification information.

COUNSELOR OR PRINCIPAL CERTIFICATION

I hereby certify that the academic information and summary of school activities as submitted with this application are correct and the applicant meets the following eligibility requirements:

- Applicant has applied for admission to Langston University, Northeastern Oklahoma A&M College, Northeastern State University, Oklahoma State University, Oklahoma University, Oral Roberts University, Tulsa Community College or the University of Tulsa. The scholarship award is contingent upon acceptance to an engineering, biological science or physical science program that is either accredited or offers courses that would transfer to an accredited program (note: Students attending high school outside the State of Oklahoma are eligible if the student is nominated by a Tulsa Post Society of American Military Engineers (SAME) member. Other Universities outside the State of Oklahoma are acceptable if the student is nominated by a Tulsa Post SAME member).
 - ACT Composite Score 30 or below
 - United States Citizen
-

1. The applicant's GPA for the 10th and 11th grade (on a 4.0 scale) is: _____
2. The applicant's ACT Composite Score is: _____ (maximum 30)
3. The applicant's class rank (11th grade): _____ out of _____.
4. The applicant's **transcript** (includes GPA, ACT score, and supplemental credits), **activities and honors information**, **essay**, and **letter of recommendation** are attached.
