According to Jeff Pennington, Oklahoma Department of Wildlife Conservation, for the second year the Tulsa SAME Post was again the largest and most dedicated volunteers he has seen in providing much needed efforts for our State. Over 20 SAME members and their families rallied together and successfully planted thousands of trees and tended to those planted last year at the John Lowry Management Area near Keystone Lake on Saturday, April 2.

We all owe a big THANK YOU to ALL Consulting for sponsoring this event and preparing our outdoor lunch, which was enjoyed by those who donated their time to participate in this worthwhile event!
